

## **London 2020 International System Dynamics Conference Bid Update**

**Dr Daniel Arthur (International Policy Dynamics Ltd)**

This is an update / information session.

A bid has been submitted for the International System Dynamics Society to hold its annual conference in July 2020 in London and use the ExCeL conference centre in London Docklands.

The conference would be very policy and practitioner oriented and be innovative by focusing on around 7 plenary sessions concerning themes broadly aligned to the Special Interest Groups. There is proposed to be a main poster session as well.

The UK Chapter is supporting this bid and a final decision will be made at the Reykjavik 2018 Conference.
